

Hack with Prince Kaliraman: Webinar on Ethical Hacking

The Department of Computer Science and Engineering in association with Developers.wtf, The Student Developer Community of the department organized an invited session on Ethical hacking conducted by Mr. Prince Kaliraman from Manav Rachna University, Haryana on 15th May 2020 from 7:00 pm to 8:00 pm through Google meet. With over 45 participants he demonstrated how to crack a WiFi network using aircrack-ng. The session was hands-on. The technology was new for most of the participants. Attendees showed interest in attending future sessions with him.

HACK WITH PRINCE KALIRAMAN

A demonstration on WiFi security
breakdown and how to protect
yourself
FREE ENTRY
EXCLUSIVELY FOR MBCIANS

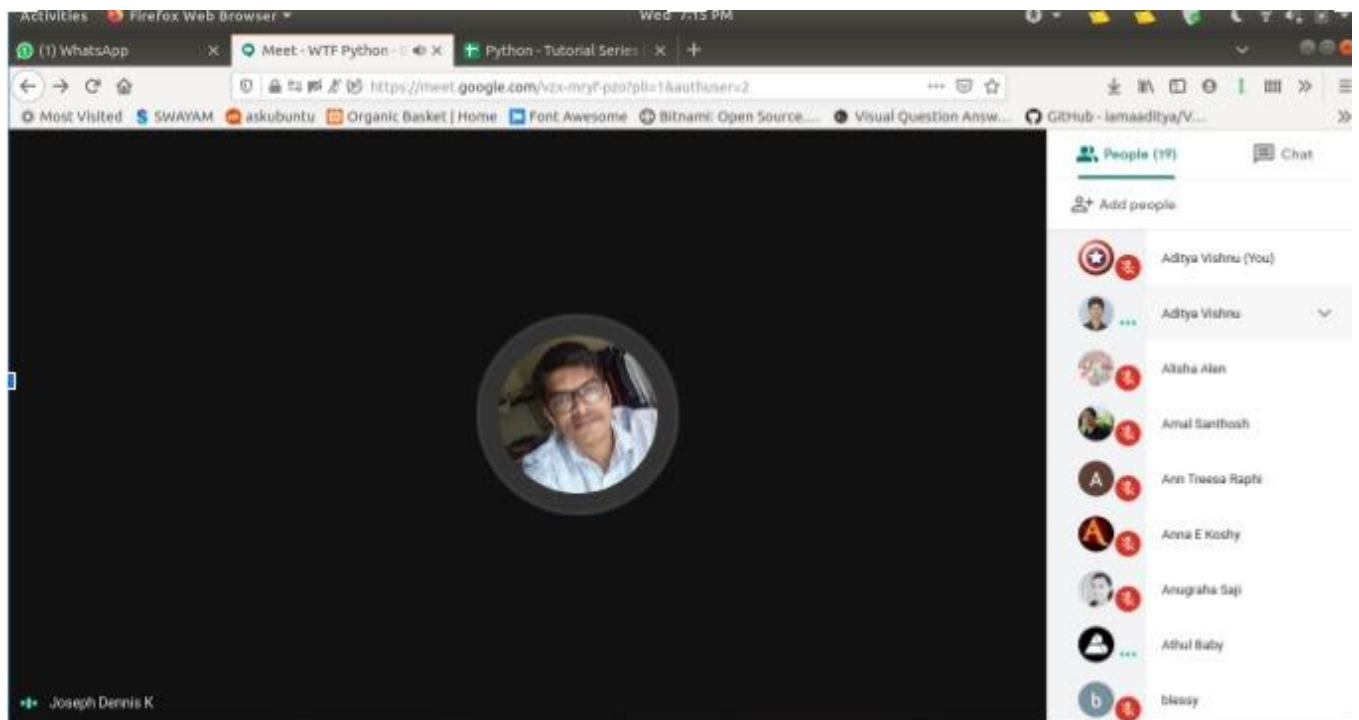

MAY 15
7:00 TO 8:30 PM
GOOGLE MEET

please submit your entry on
bit.ly/reg4eh

Programme Contents

- Demonstration on WiFi security breakdown
- Basic WiFi hacking techniques and how to protect yourself from being hacked
- How to crack a WiFi network using aircrack-ng
- Vulnerability testing
- Finding exploits from exploit-db.

Later members had an interaction section with Prince in which they asked him their doubts. A feedback form was circulated after the meetup, in which most of the members wanted another session on a similar topic with him.
