

TECHNICAL CHART EXHIBITION- IEEE MBCCET SB

Venue: Open Auditorium, MBCCET

Date: 4.20 pm, 11th December, 2016

Conducted by: IEEE MBCCET SB

No. of Participants: 100+

The one day Technology Chart Exhibition with the theme "Upcoming Science & Technology" was hosted by IEEE MBCCET SB on 11th December, 2016 from 4.20pm to 5.30pm after the classes were dispensed. The event saw students, faculty members from every department and year of the college.

The programme was inaugurated by Dr. Pradeep C, Principal MBCCET. He was very impressed by the presentations and congratulated the volunteers for their effort.

The exhibits by the student branch volunteers were indeed eye openers on various topics related to Green Energy, Innovation in Transport, Communication, Agriculture, Technology, Bio- diversity, Community Health, Environment & Mathematical Modelling etc.

With an endeavor to promote scientific attitude among engineering minds, this exhibition was one of its kind. The then present Student Branch Counselor, summed up the true essence of this exhibition by saying "science gives us tools of immense power and as with any other form of power, the misuse is always a possibility. It therefore, becomes necessary on us to become judicious and use these wonders with utmost care", a thinking thought to every individual present there.

The event concluded with a group photograph of the student branch and a much enjoying discussion on the comment box about the event given by the audiences.
