Circular

I am pleased to announce that starting from Monday, April 22, 2024, we will be resuming our regular working day schedule for all staff members.

Please note, however, that online classes for our students will continue as usual. This decision is in response to the latest updated water scarcity report.

your ongoing support and dedication to our students' education are truly commendable, especially during these challenging times. Let's continue to adapt and thrive as we navigate through these circumstances together.

Thank you for your understanding and cooperation.
